REJUVENATE™
 PLANT FOOD
CITRUS & AVOCADO

ESTD NURTURE YOUR ROOTS 1945

5-3-4

WHAT IS IN OUR 5-3-4 FORMULA?

5% NITROGEN (N): Quick and slow-release forms that feed the plant and help it grow.
 3% AVAILABLE PHOSPHATE (P₂O₅): The key to great-tasting fruit.
 4% SOLUBLE POTASH (K₂O): Helps plants resist drought and effects from excessive temperatures. The other minerals in this premium formula improve plant color, vigor, and strength to give you the lush garden you want.

Created to work with nature, Pennington® Rejuvenate™ Plant Food Citrus & Avocado 5-3-4 revitalizes soil with essential plant nutrients. Your trees will grow stronger with more bountiful fruits compared to unfed trees. This blend of organic and natural ingredients combines earthworm castings, beneficial microorganisms such as microbes and mycorrhizae, and humic acids to improve the soil environment and nourish plants from the inside out.

SCAN OR CODE FOR GARDENING INSPIRATION AND HOW-TO INFO.

In 1945 we planted our roots to help you create the lawns and gardens of your dreams. You see, we don't see yards as curb appeal, but rather as a little slice of earth to call your own. A living breathing ecosystem where you can plant your roots, and nurture them from the soil up. A space for creativity and celebration with those we love most. Whether it's seed, soil, fertilizer, flowers or bird feed, we believe our products should work with nature, not against it. The way mother nature intended.
The Pennington Family

THESE INGREDIENTS WON'T BURN PLANTS WHEN USED AS DIRECTED

DIRECTIONS FOR USE:		
	Initial Feeding	For best results reapply every 1-2 months throughout the growing season
NEW TREE OR CONTAINER		
	Tree / Container Plant In Ground trees: Mix 2-3 cups into the soil at the bottom of the planting hole and into the soil backfill. For container plants: Mix 2-3 cups into the top layer of soil in the container.	1-2-year-old trees: 1/2 cup for every inch of trunk diameter. 3 years or older trees: 1 cup for every inch of trunk diameter.
ESTABLISHED TREES OR CONTAINERS		
	Tree / Container Plant Sprinkle 1 cup of on top of soil for every inch trunk diameter.	Sprinkle 1 cup of on top of soil for every inch trunk diameter.

PLANTING TIPS FOR BEST RESULTS

- 1 How to measure trunk diameter: Measure at 4'-6" above the soil line. 
- 2 Over-feeding fruit trees can give you smaller and fewer fruit with less flavor. Follow the application amounts for best results.
- 3 Do not let the roots directly touch the plant food. Keep the plant food off leaves or wash it off with water.
- 4 After putting fertilizer down, mix it lightly into the soil, where possible. Always water the plants and soil well, after adding fertilizer.

GUARANTEED ANALYSIS- SOIL AMENDING INGREDIENTS

0.8% Humic Acids from Oxidized Leonardite	
0.075% Mycorrhizal Fungi and Microbes	
Mycorrhizal Fungi	Microbes (CFU's per gram)
Propagules per gram	<i>Bacillus subtilis</i> - 328,125
<i>Glomus intradices</i> - 0.4875	<i>Bacillus licheniformis</i> - 328,125
<i>Glomus mosseae</i> - 0.4875	<i>Poaenibacillus polymyxa</i> - 328,125
<i>Glomus aggregatum</i> - 0.4875	<i>Bacillus pumilus</i> - 328,125
(spores per gram)	<i>Poaenibacillus durum</i> - 280,836.3
<i>Pisolithus tinctorius</i> - 525	<i>Bacillus amyloliquefaciens</i> - 280,836.3
<i>Rhizopogon silosilatus</i> - 525	<i>Streptomyces lydicus</i> - 15,000
<i>Rhizopogon luteolus</i> - 525	<i>Streptomyces griseus</i> - 13,750.01
<i>Rhizopogon amytopogon</i> - 525	<i>Trichoderma harzianum</i> - 13,750.01
<i>Rhizopogon fulvogleba</i> - 525	<i>Trichoderma viride</i> - 3,000

Total Other (Inert) Ingredients (as a soil amendment).....99.125%
 Fertilizer materials- 99.125%
 Purpose: Mycorrhizal fungi and microbes increase plant absorption of water and minerals. Humic Acids may aid in the uptake of nutrients.
 Filled by weight, not by volume. Product may settle after packaging.
 For Propagules/CFU's Per LB, multiply grams by 454

Pets may be attracted to Pennington® Rejuvenate™ Plant Food because it contains high quality meals and animal byproducts, but it is not meant for them to eat. Please supervise your pets to prevent ingestion. Mix the plant food well with the soil and water in to discourage them from eating it.
